SAFETY AND COMPLIANCE

After cannabis became legal in Nevada, state officials were looking for ways to ensure that dispensaries operated in compliance with their license, and to confirm that underage individuals were not able to enter dispensaries.

VERIFYING AGE WITH ID SCANNING

In 2018, Nevada's Department of Taxation announced that IDScan.net's solution was the only one to meet all of the state's ID scanning requirements.

The Department of Taxation sent a letter to the state's dispensaries to announce that scanning IDs to verify age was required at all Nevada dispensaries.

The majority of the state's dispensaries implemented IDScan.net's age verification solution.

As Nevada takes the lead in regulating cannabis—similar to how Nevada became the national leader in gaming and betting—IDScan.net is proud to have the confidence of the state government.

DEPARTMENT-APPROVED ID SCANNER FEATURES & FUNCTIONS

Pursuant to LCB File No. R092-17 (Section 145), a marijuana establishment must verify the age of the consumer by checking a government-issued identification card containing a photograph of the consumer using an identification scanner approved by the Department to determine the validity of any government-issued identification card. The Department will approve scanners with the following features and functionality:

- Capable of reading state-issued identifications.
- 400 DPI high resolution imaging.
- Scanning window large enough for passports.
- Multiple wavelength illumination – visible and IR.
- Data and images capture.
- Offers a subscription service.
- ICAO compliant documents in near infrared.
- Reads 1D barcodes.
- Reads 2D barcodes from paper documents and most mobile devices.
- Reads Magnetic strips.
- USB 2.0 high speed compatible.
- The ability to verify and authenticate the identification cards of foreign nationals.
- Age verification.

The Department recommends using a subscription service to ensure you always have the most recent security updates for all identification card types.

Vendors that produce products that meet these specifications include but are not limited to:

1. <https://www.idemia.com/>
2. http://store.idscan.net/3M-QS1000-Complete-Solution_p_92.html

Use of an approved ID scanner is effective immediately.
